

Notes:

- Control Box is UL508 Rated and meets the requirements of NFPA70.
- Housed in a 16 in x 14 in NEMA 4X fiberglass enclosure.
- This Control Box has a phase reversing switch which eliminates the need to swap leads to perform a phase rotation check.
- This Control Box has a motor circuit protector with an adjustable overcurrent trip.
- Mount CB-*-FM on UT-10C or UT-10D mounting panel.
